4.0 INTERCONNECTION METHODS AND FACILITIES

4.1 Description of Arrangements. This Agreement provides for the Interconnection arrangements for Transport and Termination of Telecommunications Traffic between the networks of MANAWA and ELEMENT MOBILE specified in this Section. Routing of traffic shall be as described in this Section, except that, alternatives may be employed in the event of emergency or temporary equipment failure, as mutually agreed by the Parties.

4.1.1 The Parties agree to establish a single Point of Interconnection as described in Appendix A for the direct and indirect exchange of Telecommunications Traffic between their respective networks.

4.2 Intentionally Left Blank

4.3 Direct Interconnection. Direct Interconnection Facilities provide a trunk side connection between the Parties networks. ELEMENT MOBILE will have access via a single POI for the termination of all Telecommunications Traffic to MANAWA's network. Type-2B facilities provide the capability to access only subscribers served by that End Office Switch, any MANAWA remote subtending that End Office Switch, or the MSC, as applicable. A two-way final Trunk group may be provisioned by ELEMENT MOBILE or MANAWA, between the MANAWA Manawa, Wisconsin End Office Switch and ELEMENT MOBILE with the Point of Interconnection designated, as provided in Appendix A Section I. Applicable tariff charges for establishing and provisioning this Trunk group are billed to ELEMENT MOBILE, pursuant to Section 5.2 and Appendix A of this Agreement.

4.3.1 Landline to Wireless

4.3.1.1 In the event that MANAWA and ELEMENT MOBILE establish a Type-2B Direct Interconnection, MANAWA shall route in accordance with Section 4.3.1.2 below, all Telecommunications Traffic originated on its network by a MANAWA End User to a ELEMENT MOBILE NPA-NXX associated with the Mandatory Local Calling Scope of the MANAWA End Office Switch from which the Telecommunications Traffic was originated. All landline to mobile IXC calls shall be routed in accordance with Telcordia Traffic Routing Administration instructions.

4.3.1.2 MANAWA shall route the Telecommunications Traffic as defined in Section 4.3.1.1 above, that originates on its network to ELEMENT MOBILE by delivering such Telecommunications Traffic to the POI identified in Appendix A.

4.3.1.3 ELEMENT MOBILE NPA-NXXs, are identified in the LERG. Calls originating on MANAWA network and addressed to ELEMENT MOBILE End Users will be rated by MANAWA in the same way as other calls addressed to End Users maintained by other landline carriers with the same rate points.

4.3.2 Wireless to Landline:

4.3.2.1 In the event that MANAWA and ELEMENT MOBILE establish a Type-2B Direct Interconnection, ELEMENT MOBILE shall route the Telecommunications Traffic that originates on its network to MANAWA by delivering Telecommunications Traffic to the POI identified in Appendix A. All wireless to landline IXC calls shall be routed in accordance with Telcordia's Traffic Routing Administration instructions.

4.3.2.2 ELEMENT MOBILE shall route in accordance with Section 4.3.2.1, above all Telecommunications Traffic originated on its network by a ELEMENT MOBILE End User to a MANAWA NPA-NXX associated with the MANAWA End Office Switch (except to the extent that the Parties agree to apply the InterMTA Traffic factor as set forth in Appendix B).

4.3.2.3 A list of MANAWA NPA-NXXs, are identified in the LERG.

4.3.3 Delivery of Traffic. Except to the extent precluded by nondiscrimination and/or dialing parity principles, or as otherwise noted above, the designation of Rate Center V&H coordinates associated with network numbers assigned to ELEMENT MOBILE's End Users shall not affect or determine: (i) the services offered by MANAWA or ELEMENT MOBILE, (ii) the services provided to End

Users by either Party; (iii) the rate structure applied to services provided to End Users by either Party; or (iv) the rates charged to End Users by either Party for the services either Party provides to its End Users. The designation of Rate Center V&H coordinates for the NPA-NXX numbers assigned to mobile CMRS End Users shall not create legal or regulatory obligations for either Party that do not otherwise exist. MANAWA will provide dialing parity to ELEMENT MOBILE's NPA-NXX's in MANAWA's Mandatory Local Calling Scope, in accordance with the requirements of Section 251(b)(3) of the Act.

4.4 Indirect Interconnection: ELEMENT MOBILE and MANAWA may deliver Telecommunications Traffic as described in Section 3.7 above to the AT&T-Wisconsin Appleton, Wisconsin Tandem Switch for delivery as Transiting Traffic to the other Party's End Office Switches. This Telecommunications Traffic will be subject to the compensation arrangements as provided in Appendix B. II. Each Party will be responsible for the Transiting Traffic charges for each Party's originated Telecommunications Traffic. To the extent that ELEMENT MOBILE and a third party Tandem switch service provider, other than AT&T-Wisconsin at Appleton, Wisconsin, have entered into or may enter into arrangements for the delivery of ELEMENT MOBILE Telecommunications Traffic to MANAWA for Termination to MANAWA End Users (i.e., traffic that is not covered elsewhere in this Agreement) MANAWA will accept this traffic subject to the compensation arrangements as provided in Appendix B. II.

4.4.1 Landline to Wireless:

Telecommunications Traffic from MANAWA End Users may be routed from the MANAWA End Office Switch to an ELEMENT MOBILE NPA-NXX in the Mandatory Local Calling Scope via a third party Tandem service provider. All landline to wireless IXC calls shall be routed in accordance with the Telcordia's Traffic Routing Administration instructions.

The Parties agree that the exchange of traffic on MANAWA's Mandatory Local Calling Scope routes shall be considered Telecommunications Traffic and compensation for the Termination of such traffic shall be paid pursuant to the terms of this Agreement. An NPA-NXX assigned to ELEMENT MOBILE shall be included in any Mandatory Local Calling Scope or similar program to the same extent as any other NXX maintained by other landline carriers with the same rate points.

4.4.2 Wireless to Landline:

Telecommunications Traffic originated on ELEMENT MOBILE's network may be routed from the ELEMENT MOBILE network via a third party Tandem service provider for termination by MANAWA to its End Users, as appropriate. All wireless to landline IXC calls shall

be routed in accordance with Telcordia's Traffic Routing Administration instructions.

4.4.3 Delivery of Traffic:

Except to the extent precluded by nondiscrimination and/or dialing parity principles, or as otherwise noted above, the designation of Rate Center V&H coordinates associated with network numbers assigned to ELEMENT MOBILE's End Users shall not affect or determine: (i) the services offered by MANAWA or ELEMENT MOBILE, (ii) the services provided to End Users by either Party; (iii) the rate structure applied to services provided to End Users by either Party; or (iv) the rates charged to End Users by either Party for the services either Party provides to its End Users. The designation of Rate Center V&H coordinates for the NPA-NXX numbers assigned to mobile CMRS End Users shall not create legal or regulatory obligations for either Party that do not otherwise exist. MANAWA will provide dialing parity to ELEMENT MOBILE's NPA-NXX's in MANAWA's Mandatory Local Calling Scope, in accordance with the requirements of Section 251 (b)(3) of the Act.

The ELEMENT MOBILE NPA-NXXs, are identified in the LERG. Calls originating on MANAWA network and addressed to ELEMENT MOBILE's network will be rated by MANAWA in the same way as other calls addressed to networks maintained by other landline carriers with the same rate points.

4.4.4 If the traffic volumes between ELEMENT MOBILE and MANAWA delivered by the Tandem switch provider meet the centum call seconds equivalent of one DS-1 (i.e. 500 busy hour centum call seconds), two times within a 30 day billing cycle, the Parties shall within sixty (60) days meet to review the establishment of direct end office trunk groups, as provided in Section 4.3

4.4.5 ELEMENT MOBILE will be responsible for all Transiting Traffic charges that are assessed by a third party transit provider on traffic, which originates on ELEMENT MOBILE's network.

4.4.6 MANAWA will be responsible for all Transiting Traffic charges that are assessed by a third party transit provider on traffic, which originates on MANAWA's network.

4.4.7 Neither Party shall deliver traffic destined to terminate at the other Party's End Office Switch via another LEC's End Office Switch.

4.5 The Parties shall have the option to jointly engineer and configure Trunks over the physical Direct Interconnection Facilities as described in Appendix A.I. as follows:

- 4.5.1 In the event that MANAWA and ELEMENT MOBILE establish a Type-2B Direct Interconnection the Parties shall configure an initial two-way Trunk group as a Direct Interconnection transmission path between the Parties networks.
- 4.5.2 If the traffic volumes between ELEMENT MOBILE and MANAWA meet the centum call seconds equivalent of one DS-1 (i.e. 500 busy hour centum call seconds), two times within a 30-day billing cycle, the Parties shall within sixty (60) days meet to review the establishment of additional direct trunks.
- 4.5.3 ELEMENT MOBILE shall provision within industry standards, additional Trunks if necessary as provided in Section 4.5.2. Neither Party can require the other Party to establish unnecessary Trunks.
- 4.5.4 The network switches of both Parties involved in the provision of Telecommunications Traffic shall be managed in accordance with the applicable industry/Telcordia standards.
- 4.5.5 Based on the physical architecture and compensation arrangements that are set forth in this Agreement, each Party shall be responsible for establishing and maintaining facilities and logical Trunking on its side of the POI to provide for the Transport and Termination of Telecommunications Traffic consistent with the standards set forth in this Agreement.

4.6 Common Channel Signaling

- 4.6.1 Service Description. The Parties will provide Common Channel Signaling (CCS) to one another via Signaling System 7 (SS7) network Interconnection, in accordance with prevailing industry standards. Use of a third party provider of SS7 trunks is permitted.
- 4.6.2 Signaling Parameters. SS7 signaling parameters will be provided in conjunction with traffic exchange Trunk groups, where and as available. These parameters include Automatic Number Identification (ANI), Calling Party Number (CPN), Privacy Indicator, calling party category information, originating line information, such as Carrier Information Parameter (CIP), wherever such information is needed for call routing, recording, or billing.
- 4.6.3 Signaling (CCS/SS7) shall be the signaling of choice for interconnecting Trunks, where it is technically feasible for both Parties. Use of a third Party provider of SS7 trunks for connecting ELEMENT MOBILE to the MANAWA SS7 systems is permitted. Such connections shall meet generally accepted industry technical standards. Each Party shall utilize SS7 (including but not limited to links, point codes, and messaging) at its own cost for all interchanged traffic irrespective of interconnection methodology.

- 4.6.4 911/E911 Each Party shall be responsible for its own independent connections to the 911/E911 network.

5.0 COMPENSATION ARRANGEMENTS

5.1 Telecommunications Traffic

- 5.1.1 Reciprocal Compensation is applicable for Transport and Termination of Telecommunications Traffic as defined in Section 1.38 and is related to the exchange of traffic described in Section 4.0, as applicable. For the purposes of billing compensation for Telecommunications Traffic, billed minutes will be based upon actual usage recorded, with the exception of indirect traffic described in Section 4.4, where records/reports provided by the transiting carrier shall be the basis for billing if actual usage records are not available. Measured usage begins when the terminating recording switch receives answer supervision from the called End User and ends when the terminating recording switch receives or sends disconnect (release message) supervision, whichever comes first. The measured usage is aggregated at the end of the measurement cycle and rounded to a whole minute. Billing for Telecommunications Traffic shall be based on the aggregated measured usage less traffic that is not Telecommunications Traffic.
- 5.1.2 Subject to the exceptions described in Section 5.1.3 below, each Party shall pay the other Party for Transport and Termination of Telecommunications Traffic that either Party delivers to the other Party's network pursuant to the provisions of this Agreement. The charges and rates for Termination of Telecommunications Traffic shall be at the rates set forth in Appendix B of this Agreement. These charges and rates do not apply to any other types of traffic or for traffic delivered in any other areas other than those set forth in this Agreement as described in Appendix B.
- 5.1.3 Neither Party will provide any compensation to the other Party for traffic associated with one-way paging services, ISP traffic, or video services.
- 5.1.4 ELEMENT MOBILE does not currently provide fixed wireless services in the MANAWA exchange boundaries. ELEMENT MOBILE agrees that it will provide MANAWA prior written notice of its intent to launch fixed wireless services in MANAWA exchange boundaries. Upon MANAWA receipt of such notice, the Parties agree to negotiate an appropriate agreement or an amendment to this Agreement, which will address the exchange of such traffic. In the event that the Parties cannot reach an agreement on the amendment, the dispute will be resolved pursuant to the provisions of Section 14.0.

5.2 Direct Interconnection Facilities. ELEMENT MOBILE may establish and maintain a final two-way Type-2B Direct Interconnection Facilities, as provided in Appendix A, between the MANAWA End Office Switch in Manawa, Wisconsin, and the ELEMENT MOBILE MSC. Any nonrecurring and recurring cost of the two-way Direct Interconnection Facilities between the POI and the ELEMENT MOBILE MSC will be the responsibility of ELEMENT MOBILE. Any non-recurring and recurring monthly costs of the two-way Direct Interconnection Facilities between the MANAWA End Office Switch in Manawa, Wisconsin and the POI will be the responsibility of MANAWA.

5.3 Non-Recurring Charges. MANAWA will charge ELEMENT MOBILE non-recurring fees as set forth in Appendix A.

5.4 Traffic Distribution The Parties intend to utilize actual and auditable measurement to identify the quantity of all Telecommunications Traffic pursuant to this Agreement. In the event there is insufficient representative and verifiable data to identify the actual InterMTA Traffic exchanged between the Parties to use in preparation of the monthly billing statement, the Parties agree to apply a percent InterMTA Traffic Factor as stated in Appendix B Section III. The Parties agree that the InterMTA Traffic Factors set forth in Appendix B for the application of terminating access charges to be billed by MANAWA, pursuant to this Agreement may not be amended for a period of time not less than (12) twelve months from the execution date of this Agreement. At the request of either Party thereafter, the factors may be mutually adjusted based on actual traffic studies to determine the respective percentages of Telecommunications Traffic and InterMTA Traffic. The requesting Party will provide supporting documentation, including but not limited to, detailed traffic studies to the other Party before the InterMTA factor will be adjusted. The Parties agree that absent the originating tower site information, the ELEMENT MOBILE originating NPA-NXX shall be used to determine the revised InterMTA Factors. In the event of a dispute regarding the adjustment, if any to the factors, the dispute will be resolved as provided in Section 14.0. Each Party agrees to provide available traffic data in conjunction with any adjustment.

5.5 Intentionally Left Blank.

5.6 InterMTA Traffic Compensation Parties agree that traffic identified as InterMTA Traffic pursuant to Section 1.21 and 5.4 of this Agreement would be subject to Switched Access Compensation. To the extent that such traffic is not handed off to an IXC, ELEMENT MOBILE shall compensate MANAWA at the InterMTA Rate set forth in Appendix B.

6.0 NOTICE OF CHANGES

6.1 If a Party makes a change in its network which it believes will materially affect the interoperability of its network with the other Party, the Party making the change shall provide at least ninety (90) days advance written notice of such change to the other Party.

7.0 GENERAL RESPONSIBILITIES OF THE PARTIES

7.1 The Parties shall jointly develop a schedule for promptly implementing all requirements of this Agreement ("Implementation Schedule"). Both MANAWA and ELEMENT

MOBILE shall use commercially reasonable efforts to comply with the Implementation Schedule.

- 7.2 The Parties shall exchange good faith, non-binding technical descriptions and forecasts of their originating traffic in sufficient detail necessary to establish the interconnections required to assure traffic Termination.
- 7.3 Sixty (60) days prior to requesting additional Trunks to the two-way direct Type-2B Direct Interconnection Facilities as provided in Section 4.3, each Party will provide to the other Party a six (6) month, non-binding forecast of its Trunking requirements. Additional forecasting of Trunking requirements will be provided by ELEMENT MOBILE to MANAWA as mutually agreed to by the Parties. The Parties agree that each forecast provided under this Section shall be deemed "Proprietary Information".
- 7.4 Each Party is individually responsible for (i) providing facilities within its network which are necessary for routing, transporting, measuring and billing traffic from the other Party's network (ii) delivering such traffic to the other Party's network in a mutually acceptable format and (iii) terminating the traffic it receives in that mutually acceptable format to the proper address on its network. Each Party is solely responsible for its participation in and compliance with national network plans, including The National Network Security Plan and The Emergency Preparedness Plan.
- 7.5 Neither Party shall use any of the services provided in this Agreement in any manner that prevents other persons from using their service or destroys the normal quality of service to other carriers or to either Party's End Users, and subject to notice and a reasonable opportunity of the offending Party to cure any violation, either Party may discontinue or refuse service if the other Party violates this provision.
- 7.6 The characteristics and methods of operation of any circuits, facilities or equipment of one Party connected with the circuits, facilities or equipment of the other Party shall not be allowed to interfere with or impair service over any circuits, facilities or equipment of the other Party, its Affiliate companies, or its connecting and concurring carriers involved in its services; or cause damage to the other Party's circuits, facilities or equipment, impair the privacy of any communications carried over the circuits, facilities or equipment or create hazards to the employees of the other Party, its Affiliate companies, or its connecting and concurring carriers or the public.
- 7.7 If such characteristics or methods of operation are not in accordance with the preceding paragraph, either Party will notify the other Party that temporary discontinuance of the circuit, facility or equipment may be required; however, when prior notice is not practicable, either Party may forthwith temporarily discontinue the use of a circuit, facility or equipment if such action is reasonable under the circumstance. In such case of temporary discontinuance, either Party will notify the other Party immediately by telephone and provide the other Party with the opportunity to correct the condition that gave rise to the temporary discontinuance. No allowance for interruption will be applicable.

- 7.8 The exchange of traffic may be temporarily discontinued by a Party upon approval from the Public Service Commission of Wisconsin for repeated or willful violation of or refusal to comply with any of the provisions of this Agreement by such other Party.
- 7.9 Each Party is solely responsible for the services it provides to its customers and to other Telecommunications Carriers.
- 7.10 Each Party is responsible for administering NXX codes assigned to it.
- 7.11 Each Party is responsible for obtaining Local Exchange Routing Guide ("LERG") listings of Common Language Location Identifier (CLLI) codes assigned to its switches.
- 7.12 Each Party shall be responsible for its own independent connections to the 911/E911 network.
- 7.13 Each Party shall use the LERG published by Telcordia, or its successor, for obtaining route information and shall provide all required information to Telcordia for maintaining the LERG in a timely manner.
- 7.14 Each Party shall program and routinely update its End Office Switches and network systems to recognize and route traffic to NXX codes assigned to the other Party. Except as mutually agreed or as otherwise expressly defined in this Agreement, neither Party shall impose any fees or charges on the other Party for such activities.

8.0 EFFECTIVE DATE, TERM, AND TERMINATION

- 8.1 The initial term of this Agreement shall be three years from the Effective Date and shall then automatically renew on a year to year basis. The Agreement may be terminated by either Party at the end of the initial term or any renewal term by providing (60) sixty days written notice of termination to the other Party. In the event such notice of termination is provided and either Party requests in good faith to renegotiate a successor agreement under the provisions of the Act, this Agreement shall remain in effect (i) until this Agreement has been replaced by a new agreement, or (ii) for up to one hundred eighty (180) calendar days following the date of termination, whichever is earlier.
- 8.2 Upon termination or expiration of this Agreement in accordance with this Section:
- (a) each Party shall comply immediately with its obligations as set forth above in Section 8.1.
 - (b) each Party shall promptly pay all undisputed amounts (including any late payment charges) owed under this Agreement.
 - (c) each Party's indemnification obligations shall survive termination or expiration of this Agreement.
- 8.3 The arrangements pursuant to this Agreement including the provision of services or facilities shall immediately terminate upon the suspension, revocation or termination of either Party's authority to provide services. For MANAWA, authority involves the

provision of Telecommunications services. For ELEMENT MOBILE, authority involves the provision of CMRS service under license from the Federal Communications Commission.

8.4 The services and facilities arrangements pursuant to this Agreement may be terminated by either Party upon not less than thirty (30) days written notice to the nonpaying Party for failure to pay undisputed amounts on the dates or at the times specified for the facilities and services furnished pursuant to this Agreement, and the nonpaying Party does not pay undisputed amounts within thirty (30) days of receipt of the written notice thereof.

8.5 A Party may terminate this Agreement in whole or in part in the event of a default by the other Party provided however, that the non-defaulting Party notifies the defaulting Party in writing of the alleged default and the defaulting Party does not cure the default within thirty (30) calendar days of receipt of written notice thereof. Default is defined to include:

- a) A Party's insolvency or the initiation of bankruptcy or receivership proceedings by or against the Party; or
- b) A Party's refusal or failure in any material respect to properly perform its obligations under this Agreement, or the violation of any of the material terms and conditions of this Agreement.

9.0 CANCELLATION CHARGES

9.1 Except as provided herein, no cancellation charges shall apply.

10.0 INDEMNIFICATION

10.1 General Indemnity Rights. Each Party (the "Indemnifying Party") will defend and indemnify the other Party, its officers, directors, employees and permitted assignees (collectively, the "Indemnified Party") and hold such Indemnified Party harmless against:

10.1.1 Any loss to a third person arising out of the gross negligence or willful misconduct ("Fault") of such Indemnifying Party or the Fault of its employees, agents and subcontractors; provided however, that (1) with respect to employees or agents of the Indemnifying Party, such Fault occurs while performing within the scope of their employment, (2) with respect to subcontractors of the Indemnifying Party, such Fault occurs in the course of the subcontractor performing duties under its subcontract with the Indemnifying Party, and (3) with respect to the Fault of employees or agents of such subcontractor, such Fault occurs while performing within the scope of their employment by the subcontractor with respect to such duties of the subcontractor under the subcontract.

10.1.2 Any claims for libel, slander, infringement of copyright, or other intellectual property rights, arising from the material transmitted over the Indemnified Party's facilities arising from the Indemnifying Party's own communications or the communications of such Indemnifying Party's End Users; and

10.1.3 Any claims for infringement of patents arising from combining the Indemnified Party's facilities or services with, or the using of the Indemnified Party's services or facilities in connection with, facilities of the Indemnifying Party.

10.2 Indemnification Procedures. Whenever a claim for indemnification arises under this Section, the relevant Indemnified Party, as appropriate, will promptly notify the Indemnifying Party and request the Indemnifying Party to defend the claim. Failure to so notify the Indemnifying Party will not relieve the Indemnifying Party of any liability that the Indemnifying Party might have, except to the extent that such failure prejudices the Indemnifying Party's ability to defend such claim or loss. The Indemnifying Party will have the right to defend against such liability or assertion in which event the Indemnifying Party will give written notice to the Indemnified Party of acceptance of the defense of such claim or loss and the identity of counsel selected by the Indemnifying Party. Until the Indemnifying Party provides such written notice of acceptance of the defense of such claim or loss, the Indemnified Party will defend such claim or loss, at the expense of the Indemnifying Party, subject to any right of the Indemnifying Party to seek reimbursement for the costs of such defense in the event that it is determined that Indemnifying Party had no obligation to indemnify the Indemnified Party for such claim or loss. The Indemnifying Party will have exclusive right to control and conduct the defense and settlement of any claims or losses for which it has given notice of acceptance of the duty to defend, subject to consultation with the Indemnified Party. The Indemnifying Party will not be liable for any settlement by the Indemnified Party unless such Indemnifying Party has approved such settlement in advance and agrees to be bound by the agreement incorporating such settlement. An Indemnified Party will have the right to refuse a compromise or settlement and, at such refusing Party's cost, to take over such defense; provided that in such event the Indemnifying Party will not be responsible for, nor will it be obligated to indemnify the Indemnified Party against, any cost or liability in excess of such refused compromise or settlement. With respect to any defense accepted by the Indemnifying Party, the relevant Indemnified Party will be entitled to participate with the Indemnifying Party in such defense if the claim or loss requests equitable relief or other relief that could affect the rights of the Indemnified Party and also will be entitled to employ separate counsel for such defense at such Indemnified Party's expense. If the Indemnifying Party does not accept the defense of any indemnified claim or loss as provided above, the Indemnified Party will have the right to employ counsel for such defense at the expense of the Indemnifying Party. Each Party agrees to cooperate and to cause its employees and agents to cooperate with the other Party in the defense of any such claim or loss, and the relevant records of each Party will be made available to the other Party with respect to any such defense.

11.0 LIMITATION OF LIABILITY

11.1 Limited Responsibility. Each Party shall be responsible only for service(s) and facility(ies) that are provided by that Party, its authorized agents, subcontractors, or others retained by such Party, and neither Party shall bear any responsibility for the services and facilities provided by the other Party, its Affiliates, agents, subcontractors, or other persons retained by such Parties. No Party shall be liable for any act or omission of another Telecommunications Carrier (other than an Affiliate) providing a portion of a service.

11.2 Apportionment of Fault. In the case of any loss arising from the negligence or willful misconduct, each Party shall bear, and its obligation shall be limited to, that portion of the resulting loss caused by its negligence or misconduct or the negligence or misconduct of such Party's Affiliates, agents, or contractors.

11.3 Limitation of Damages. In no event will either Party have any liability whatsoever to the other Party for any indirect, special, consequential, incidental or punitive damages, including loss of anticipated profits or revenue in connection with or arising from anything said, omitted or done hereunder (collectively, "Consequential Damages"), even if the other Party has been advised of the possibility of such damages. Except to the extent of a Party's willful misconduct or gross negligence, in no event, will either Party's liability to the other Party be greater than six (6) months of payments made to the other Party under this Agreement from the date such claim is first made.

11.4 Force Majeure. Neither Party shall be liable for any delay or failure in performance of any part of this Agreement from any cause beyond its control and without its fault or negligence including, without limitation, acts of nature, acts of civil or military authority, government regulations, embargoes, epidemics, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, work stoppages, equipment failures, power failures, volcanic action, other major environmental disturbances, unusually severe weather conditions, inability to secure products or services of other persons or transportation facilities or acts or omissions of transportation carriers (individually or collectively a "Force Majeure Event").

11.4.1 If a Force Majeure Event should occur, the Party affected shall give prompt notice to the other Party of such Force Majeure Event specifying the nature, date of inception and expected duration of such Force Majeure Event, whereupon such obligation or performance shall be suspended to the extent such Party is affected by such Force Majeure Event during the continuance thereof or be excused from such performance depending on the nature, severity and duration of such Force Majeure Event (and the other Party shall likewise be excused from performance of its obligations to the extent such Party's obligations are dependent upon the performance so interfered with). In the event of such delay, the delayed Party shall perform its obligation at a performance level no less than that which it uses for its own operations. In the event of such performance delay or failure the delayed Party agrees to resume performance in a nondiscriminatory manner and not favor its own provision of Telecommunications Services above that of the affected Party. The affected Party shall use its reasonable efforts to avoid or remove the cause of nonperformance and the Parties shall give like notice and proceed to perform with dispatch once the causes are removed or cease. Notwithstanding the preceding, no delay or other failure to perform shall be excused pursuant to this Section: (i) by the acts or omissions of a Party's subcontractors, suppliers or other third persons providing products or services to such Party unless such acts or omissions are themselves the product of a Force Majeure Event, and unless such delay or failure and the consequences thereof are beyond the control and without the fault or negligence of the Party claiming excusable delay or other failure to perform, or (ii) if such Party fails to implement any

steps taken to mitigate the effects of a Force Majeure Event (e.g. disaster recovery plans) in a nondiscriminatory manner during the period performance is impaired.

12.0 DISCLAIMER OF REPRESENTATION AND WARRANTIES

EXCEPT AS EXPRESSLY PROVIDED UNDER THIS AGREEMENT, NO PARTY MAKES OR RECEIVES ANY WARRANTY, EXPRESS OR IMPLIED, WITH RESPECT TO THE SERVICES, FUNCTIONS AND PRODUCTS IT PROVIDES OR IS CONTEMPLATED TO PROVIDE UNDER THIS AGREEMENT AND THE PARTIES DISCLAIM THE IMPLIED WARRANTIES OF MERCHANTABILITY AND/OR OF FITNESS FOR A PARTICULAR PURPOSE. ADDITIONALLY, NEITHER PARTY ASSUMES ANY RESPONSIBILITY WITH REGARD TO THE CORRECTNESS OF DATA OR INFORMATION SUPPLIED BY THE OTHER PARTY WHEN THIS DATA OR INFORMATION IS ACCESSED AND USED BY A THIRD-PARTY.

13.0 REGULATORY APPROVAL

13.1 Commission Approval. The Parties understand and agree that this Agreement will be filed with the Commission and may thereafter be filed with the FCC. ELEMENT MOBILE authorizes MANAWA to file a copy of the Agreement with the Commission on ELEMENT MOBILE's behalf. Each Party covenants and agrees to fully support approval without modification of this Agreement by the Commission or the FCC under Section 252 of the Act. If the Commission or the FCC rejects any portion of this Agreement, the Parties agree to meet and negotiate in good faith to arrive at a mutually acceptable modification of the rejected portion of the Agreement; provided that such rejected portion shall not affect the validity of the remainder of this Agreement. The Parties acknowledge that nothing in this Agreement shall limit a Party's ability, independent of such Party's agreement to support and participate in the approval of this Agreement, to assert public policy issues relating to the Act.

13.2 Regulatory Changes. If any final and nonappealable legislative, regulatory, judicial or other legal action materially affects the ability of a Party to perform any material obligation under this Agreement, a Party may, on thirty (30) days written notice (delivered not later than thirty (30) days following the date on which such action has become legally binding and has otherwise become final and unappealable) to the other Party require that the affected provision(s) be renegotiated and the Parties shall renegotiate in good faith such mutually acceptable new provision(s) as may be required; provided that such affected provisions shall not affect the validity of the remainder of this Agreement. If such provisions are not renegotiated within thirty (30) days after such notice, either Party may petition for arbitration pursuant to §252 of the Act.

13.3 Amendment or Other Changes to the Act: Reservation of Rights. The Parties acknowledge that the respective rights and obligations of each Party as set forth in this Agreement are based on the text of the Act and the rules and regulations promulgated thereunder by the FCC and the Commission as of the Effective Date. In the event of any amendment of the Act, or any final and nonappealable legislative, regulatory, judicial order, rule or regulation or other legal action that revises or reverses the Act, the FCC's

First Report and Order in CC Docket Nos. 96-98 and 95-185 or any applicable Commission order purporting to apply the provisions of the Act occurring after the Effective Date (individually and collectively, an "Amendment to the Act"), either Party may by providing written notice to the other Party require that the affected provisions be renegotiated and amended accordingly to reflect the terms and conditions of each such Amendment to the Act relating to any of the provisions in this Agreement. If such Amendment to the Act affects any pricing, rates or charges of the services provided under this Agreement, the Parties agree to mutually negotiate such prices, rates or charges for the service. If such new provisions are not renegotiated within thirty (30) days after such notice, either Party may petition for arbitration pursuant to §252 of the Act. Except as otherwise provided for in this section 13.3 and section 14.0, neither Party waives any rights it might have under the Act and the rules and regulations promulgated thereunder by the FCC and/or the Commission.

14.0 DISPUTE ESCALATION AND RESOLUTION

14.1 Procedures. Unless, otherwise provided herein, any dispute, controversy or claim (individually and collectively, a "Dispute") arising under this Agreement shall be resolved in accordance with the procedures set forth in this Section 14.0. In the event of a dispute between the Parties relating to this Agreement and upon the written request of either Party, each of the Parties shall within five (5) business days from the written request appoint a designated representative who has the authority to settle the Dispute. The designated representatives shall meet as often as they reasonably deem necessary in order to discuss the Dispute and negotiate in good faith in an effort to resolve such Dispute. The specific format for such discussions will be left to the discretion of the designated representatives; however, all reasonable requests for relevant information made by one Party to the other Party shall be honored. If the Parties are unable to resolve issues related to a Dispute within ninety (90) days after the Parties' appointment of designated representatives as set forth above, a Party may (i) bring an action in an appropriate Federal district court, (ii) file a complaint with the FCC pursuant to Section 207 or 208 of the Act, (iii) seek a declaratory ruling from the FCC, (iv) file a complaint in accordance with the rules, guidelines and regulations of the Commission or (v) seek other relief under Applicable Law.

14.2 Billing and Payment; Disputed Amounts

14.2.1 MANAWA and ELEMENT MOBILE shall invoice each other on a monthly basis. Both MANAWA and ELEMENT MOBILE shall pay any invoice, in immediately available U.S. funds, within thirty (30) days from the date of the invoice. There shall be no netting of the amounts due hereunder against any other amount owed by either Party to the other Party.

14.2.2 Neither Party will bill the other Party for previously unbilled charges for Services provided more than two years prior to the current billing date.

14.2.3 MANAWA shall compensate ELEMENT MOBILE for Telecommunications Traffic, subject to Reciprocal Compensation, as provided in Section 5.1, that is delivered by MANAWA to ELEMENT MOBILE for termination to ELEMENT MOBILE's End Users as prescribed and at the rates as provided

in Appendix B. ELEMENT MOBILE will compensate MANAWA for Telecommunications Traffic, subject to Reciprocal Compensation, as provided in Section 5.1, that is delivered to MANAWA for termination to MANAWA's End Users, as prescribed and at the rates and traffic factors provided in Appendix B, and for traffic not subject to Reciprocal Compensation exchanged between ELEMENT MOBILE and MANAWA, as prescribed and at the rates provided in Section 5.6.

14.2.4 ELEMENT MOBILE shall prepare a monthly billing statement to MANAWA, reflecting the calculation of Reciprocal Compensation as provided in Section 5.1 due ELEMENT MOBILE. MANAWA shall prepare a monthly billing statement to ELEMENT MOBILE which will reflect the calculation of Reciprocal Compensation, as provided in Section 5.1, and InterMTA Traffic Compensation as provided in Section 5.6 due MANAWA.

14.2.5 If any portion of an amount due to a Party (the "Billing Party") under this Agreement is subject to a bona fide dispute between the Parties, the Party billed (the "Non Paying Party") shall within sixty (60) days of its receipt of the invoice containing such disputed amount give notice to the Billing Party of the amount it disputes ("Disputed Amount") and include in such notice the specific details and reasons for disputing each item. The Non-Paying Party shall pay when due all undisputed amounts to the Billing Party.

14.2.6 If the Parties are unable to resolve the issues related to the Disputed Amounts in the normal course of business within ninety (90) days after the delivery to the Billing Party of the notice of the Disputed Amounts, then either Party may implement the procedures as provided in Section 14.1.

14.2.7 The Parties agree that all negotiations pursuant to this subsection 14.2 shall remain confidential and shall be treated as compromise and settlement negotiations for purposes of the Federal Rules of Evidence and state rules of evidence.

14.2.8 Any undisputed amounts not paid when due shall accrue interest from the date such amounts were due at the lesser of (i) one and one half percent (1-1/2%) per month or (ii) the highest rate of interest that may be charged under Applicable Law.

14.2.9 If the monthly amounts to be invoiced by MANAWA to ELEMENT MOBILE pursuant to Section 14 and Appendix B of the Agreement, in any month are less than \$200.00 MANAWA may accumulate the billing until the billing amounts exceed \$200.00.

14.3 Auditing Procedures

14.3.1 Upon thirty (30) days written notice, each Party must provide the other Party the ability and opportunity to conduct an annual audit to ensure the proper billing of traffic between the Parties. The audit shall be accomplished during normal business hours, at an office designated by the Party being audited.

Audits may be performed by an independent third party paid for by the Party requesting the Audit. Audit requests shall not be submitted more frequently than one (1) time per calendar year.

14.3.2 Each Party may request copies of the relevant billing records thereof provided that the requested records do not exceed 12 months in age from the date the monthly bill containing said record information was issued.

14.3.3 All information provided to the requesting Party under section 14.3.2 shall be treated as Confidential Information as provided in Section 15.4.

In cases where a Party has indicated the essential or critical need for restoration of the facilities, services or arrangements, the other Party shall use its best efforts to expedite the clearance of trouble.

15.11 Publicity and Use of Trademarks or Service Marks.
